Our leader our inspiration

Lalitya Munshaw

Singer | Performer | Entrepreneur

- The biggest advantage that Red Ribbon has is that we are led by Lalitya Munshaw who is a prolific and versatile singer and a performer. Blessed with a melodious voice and armed with classical training, she has sailed through her musical journey successfully over the last two decades .
- She has scaled both ends of the spectrum that is the aspirations of an artist and expectations of the market at the other end. Thus for all who choose Red Ribbon this gap is successfully bridged. In her endeavor and mission to preserve, enhance and popularize music it was a natural progression that she set up a music company.
- She has also set up two state of the art recording studios named ‘Re n Raga’ in Mumbai which are one of the most modern and technologically advanced recording studios in the country
